

Chestermere Health Centre Advisory Committee Update

Given the recent uncertainty in Alberta economy, the Advisory Committee for Chestermere Health Centre felt it prudent to review Phase 2 of the development. After consideration by Leela Aheer and the Chestermere Health Centre Advisory Committee, it has been determined that the project is in good financial health and will proceed in accordance with the original plan.

Phase 1 of the development came online with major tenants in 2014. Leela and the Advisory Committee are pleased to see the Alberta Health Services (AHS) Chestermere Community Health Center officially open its doors to the public in January 2015. The Advisory Committee and the entire Prime Funds team eagerly await the completion of Phase 2 and further enhancing community health services in Chestermere and the surrounding area.
